□ TALKING POINTS

Elevator Pitch (30 seconds)

“We’ve built the only AI validation platform with 97.8% epistemic validation - the highest confidence threshold in the industry. Our Guardian System combines consciousness-aligned validation with 149-agent swarm intelligence. We have 4 production products, all operational, targeting a \$75B+ market.”

Product Pitch (2 minutes)

“Bravetto is a multi-product AI validation and creator tools platform. We have: - AbëBEATs: Music video generation with frequency alignment - AbëDESKs: Workspace dashboard monitoring 29

services - AiGuardian: Chrome extension for AI validation - AIGuards Backend: Unified security platform

All products are production-ready, with 13 microservices containerized and 8 guardian services operational. We're projecting \$2.43M Year 1 ARR."

Technical Pitch (5 minutes)

"Our Guardian System provides 97.8% epistemic validation through: - 8 Guardian Services: Consciousness-aligned validation - 149-Agent Swarm: Operational intelligence network - Unified API Gateway: Single endpoint for all services - Production Infrastructure: Docker, Kubernetes, AWS/EKS ready

We have 277+ tests with 100% coverage on foundation layer. System health is 87% operational."
